Neutrino Theory: 2nd Meeting May 13

Task 1. Update your topical group web page with text and topics ✓

Task 2. Think about what meetings you want to have.

We got in touch with [NF01: Neutrino Oscillations](#), [NF02: Sterile Neutrinos](#), [NF03: BSM](#), [NF04: Neutrinos from natural sources](#), [NF05: Neutrino properties](#), and [NF06: Neutrino Interaction Cross Sections](#) to coordinate effort for joint meetings, and discuss the organization of the writing of the neutrino frontier document. (Email sent. Received responses below.):

NF01 - response from Peter Denton. He would represent NF01.

NF02 - response from Pedro Machado. He would represent NF02.

NF03 - response from Jaehoon Yu. He would represent NF03.

NF06 - response from Baha, asks us to wait a few weeks (until June), he and Kendall would participate.
